

CoffeeCreations is hiring!

JOIN THE REVOLUTION

It is becoming quite busy at our office, so we need reinforcements! Are you ready to work for the most awesome company in the world? Coffee Creations is looking for a:

Junior (Graphic) Designer M/F (40 hours/week)

Okay, now you will ask yourself: "Why a Junior (Graphic) Designer?". It is very simple. I will explain it in two points:

1. It looks cool
2. The Senior (Graphic) Designer is already old

What are you going to do?

You are actually going to work the whole day with the life elixir that makes the world and the people on the world go around. Others know this specific product under the most common name: COFFEE! You are going to make the prettiest designs for our clients and our fans. You really have to live, breathe and love coffee. You have an eye for detail and an ear for our clients. You can make even their naughtiest dreams come true on the base of drinkware.

What do we expect from you?

- A true innovative revolutionist in thinking and acting
- A love for coffee and everything that has to do with coffee
- You have a degree in Graphic Design
- MAD Photoshop/InDesign/Illustrator/Paint skills
- You are always looking for the best solution as efficient and creative possible
- A good bullet point maker
- That you have a lot of humour
- And finally: you have a weak heart for Mother Nature, but a strong mouth against her opponents

Who are we?

CoffeeCreations is a start-up company that makes cups, saucers, mugs and other drinking supplies on a sustainable way. Most of the cups and saucers nowadays are made out of glass or porcelain. CoffeeCreations makes cups out of used coffee grounds. Therefore, the solution is found for the waste that the most people throw away. Thanks to the fineness of the grounds, the liquid solution can bind those two solutions to make a clay-like substance that is easy to form any figure that is desirable.

We are not a stiff corporate organization. We dare to speak up and criticize everything and everyone that breaks Mother Nature down.

What can you expect from us?

- A true family (not like those Italian mobster families, but a place that you can call home instead of work)
- A place where you can develop your skills/talents and improve your weaker points
- Room for promotion (in some day YOU can be the senior!)
- Good & fair coffee to drink on the job
- A very dynamic workday
